

World Series of Team Roping

Zamora Roping Productions rolled into the Bernalillo County Sheriffs Posse Arena in Albuquerque, New Mexico on November 14, 2009, to produce a one-day World Series Qualifier presented by Wrangler.

Despite a cold front, a good turnout ran at more than \$63,000 at the one-day event. The roping was doubled as the 2009 World Series Finale Warm up as well as the 2010 World Series season opener.

The no barrier system by Priefert was used to give ropers a look at how the system would work at the finale in Las Vegas.

Zamora Roping Productions would like to thank everyone who attended the event and look forward to seeing everyone down the road.
