

Valley of the Sun World Series Qualifier

The Valley of the Sun World Series Qualifier was held March 26, 2011 at the Casa Grande Rodeo Grounds in Casa Grande Arizona. The event was produced by Zamora Roping Productions and presented by Wrangler. It was a beautiful day in the valley with over 300 teams competing for nearly \$60,000.00 in cold hard cash. The great set of Mexican corriente steers were supplied by Diamond States Cattle Co. as evidenced by the overall catch ratio for the event which was 67%. The roping ran efficiently running 106 teams through the arena per hour.

The big winner was Mandy Sproul winning \$5351.00 by placing 4th in the average of the #13 WS Qualifier with Brandon Mecham and winning 1st in the average of the #12 WS Qualifier with Roman Collins. Tommy Crowson and George Aros were the #13 WS Qualifier champions roping 4 steers in 35.60.

This was yet another great WS Qualifier here in the valley of the sun with lots of support from the local ropers as most of the “snowbirds” had already headed north. A special THANK YOU to all the ropers who welcomed us and supported our ropings in 2011. We will be back next winter with more ropings and an extended schedule. Until then, “Good luck and go get the money!”
